Summary of the Event

On 8th March 2025, in honor of International Women's Day, Suryadatta Institute of Fashion Technology (SIFT) hosted a special Self-Defense Session specifically for its female students and faculty members. This event, held from 12:00 PM to 1:00 PM, was led by Shubham Shinde, the Director of Physical Education and Sports at SIFT, who has extensive experience in physical training and sports. The purpose of the session was to provide women with practical, effective self-defense techniques, thereby enhancing their ability to protect themselves in potentially dangerous situations. Held at the SIFT campus, the workshop attracted a total of 40 participants, comprising both female students and faculty members, all of whom were eager to learn and actively engaged throughout the session. The session began with an insightful introduction by Shubham Shinde, who emphasized the critical importance of personal safety. He explained how self-defense is not just about physical techniques but also about awareness and confidence in one's ability to protect oneself. After this introduction, the workshop transitioned into a series of hands-on demonstrations where Shubham Shinde showcased several self-defense techniques. These included essential defensive stances, methods for escaping from various grabs or holds, and effective striking techniques to defend against an attacker. The session was structured in an interactive manner, encouraging participants to actively practice the techniques alongside Shubham, who provided continuous guidance and support. This hands-on approach ensured that

everyone could learn at their own pace, receive real-time feedback, and gain confidence in their ability to apply the techniques. At the conclusion of the session, a Q&A segment was held, where participants were encouraged to ask questions and clarify any doubts they might have had about the techniques or the principles behind them. The interactive discussion also provided an opportunity for participants to share their thoughts and experiences, further deepening their understanding of the importance of personal safety and self-defense. This self-defense session was not just about learning techniques; it was about fostering a sense of empowerment and self-confidence among the women of SIFT, providing them with tools to take control of their personal safety and well-being.
